I am quite impressed with the teaching methodology of G D Goenka. Well planned worksheet for practice grooms thinking capability of my child. Interactive way of teaching makes him thoroughly understand the topic. His confidence has boosted up a lot. In a short span of time we can see a lot of positive changes in him. I am grateful to all the teachers .

- Ms. Sneha Parents' of (RIDDHIMAN RISHU SINHA : class7)

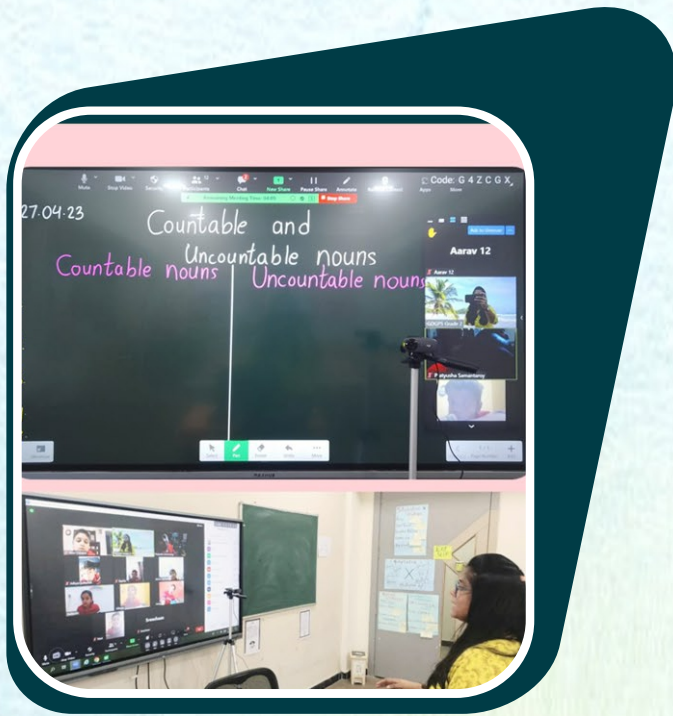

My son got admission in G D Goenka, Bhubaneswar this year. I had lots of thoughts how my son is going to cope up or adjust with a new environment. But thanks to the school management and specially the teachers, they broke the ice within a week. My son is always looking forward every day for his new activity in the school and he is very much happy with the interactive based teaching. I am delighted though being a CBSE school, it has never confined to only books n theories. They literally implement the things giving real life scenario. The management listens to all our suggestions and understand the problems and do their best to eradicate the problem. So as the school is growing we can see the new growth for our children as well. Thank you.

Ready Steady Go...

As Govt of Odisha declared early Summer Vacations, nothing could deter the spirit of the Goenkans. It took less than a week's time to convert the vibrant physical classrooms to Online Engagements. With appropriate planning and installation of a learning management system, Classrooms were got readied for a smooth transition. All the children were provided with the best of support, care and attention! The hardwork of the students and teachers bore fruits when the Assessments were conducted and all the children passed with flying colours!!

Summer Programs are a gateway to relaxation, rejuvenation and enjoyment to the fullest. The children and teachers develop different programs, get into action and put up an outstanding performance. On the D- Day the beautifully decked up children performed on what they learnt during the ten days session. All the participants were offered participation certificates by the dignitaries.

"Learning by doing" is a theory that places heavy emphasis on student engagement and is a hand-on, task oriented, process to education. This is the process in which students actively participate in more practical and imaginative ways of learning.
