The Doorstep *to*
Global Education

G D Goenka School, Bhubaneswar
Under the aegis of G D Goenka Group, New Delhi

Higher > Stronger > Brighter >

Keeping in mind our motto: "Higher, Stronger, Brighter", we give our little ones the very best, each and every day... an idyllic ambience, ideal location and pollution free environment for learning. All through, the emphasis is on closeness and togetherness just like in a family. Only the best is good enough to nurture the development of the child-a long proven concept of harmonized instructions and a host of values that kindle the child's curiosity and prepares him/her to face life with equanimity and elan.

-: MEET OUR LEADERS :-

Mrs. Bharati Sharma

Senior Director , Academics ,
G D Goenka Group , New Delhi

Dr. Prasant Mohapatra

President
G D Goenka School, Bhubaneswar

Mr. S.K. SINGH

Principal
G D Goenka School, Bhubaneswar

VISION

G D Goenka Public School aims at nurturing individuals with paramount values and multivalent competencies. This lofty ideal is accomplished by virtue of a dynamic curriculum that envisions not only academic excellence but a wholesome all-round development of the child, his/her character and personality, aesthetic refinements, effective skills and the art of living.

MISSION

We embark on the mission of creating individuals who are confident about their potential and are goal oriented, sensitive to their environment and above all, co-creators of their own destiny. Our aim is to help a child realize his/her inner strength and give him a conducive environment to grow & evolve as a good social being and a global citizen.

At G D Goenka Public School, we aim to provide an academic environment which treats each child as a unique individual and develops him/her to a maximum potential and to provide a variety of learning experiences which promote integrative growth in all areas, be it the physical, intellectual, moral or social.

1. To enable the child to grow up as a disciplined responsible, productive citizen of a democratic Country.
2. To introduce well balanced integrated personalities to the future of tomorrow.
3. To foster high standards of behaviour based on mutual responsibility and self-discipline.
4. To ensure quality teaching and learning by providing an education that enriches and empowers.
5. To inculcate among students not just academics but also human excellence by nurturing values of generosity, truthfulness, compassion, tolerance and justice.

Goenkan Audit

A Legacy of Excellence

Today, under the aegis of G D Goenka Group, the G D Goenka Public Schools, are regarded as centres of educational excellence globally. The school philosophy is based on a set of strongly held beliefs which is put into action everyday by every member of the institution. It's a philosophy of treating each child in a sensitive manner and providing appropriate developmental programmes so as to encourage not just learning but also the love of learning. It is also based on providing an environment that is safe, clean, healthy and child-oriented. An environment where classrooms are arranged in a manner that it offers challenging play and learning choices at a range of developmental levels. Activity areas are designed where children are allowed to explore, experience, and most importantly, succeed.

Faculty

An enthused, dedicated and well - qualified faculty oversees the well being of your ward. Teachers use a student centered style which instills confidence, initiative and the development of critical and analytical skills. The entire faculty is technology-trained and uses technological teaching aids to make learning more interactive and effective. Each staff member also imbibes the Goenkan culture and ethos, the thread that binds the entire teaching fraternity of the Goenkan Society.

Regular in service programs keep the faculty abreast of the latest National and International developments in the field

of education. This influences them to think 'out of the box' and innovate, improve upon styles, approaches and methodologies.

They are trained to play multiple roles in the lives of every student; from a disciplinarian to a motivator to a guide and a friend. Constantly and closely working with every student, they are always aware of the needs and limitations of every student and structure their approach accordingly.

ASPiRE

e

The word aspire means to have a strong desire or ambition to achieve something, and that is exactly what we aim for – to achieve our motto of **“Higher, Stronger, Brighter”**.

Anything we teach or show a child has the ability to breathe meaning into their existence, to open their eyes to new possibilities and new ways of thinking and feeling. We can inspire a child by being a good role model, by showing affection, praising them, giving them the opportunity to be responsible for themselves and by opening the child’s mind to things beyond their comfort zone.

We also inspire to motivate and encourage our children.

Technology as an enabler for learning

Interactive whiteboards are used in GDGPSB as reinforcement for traditional blackboards or flipcharts. These help to understand concepts better by integrating real time videos, presentations and animations. In addition, interactive whiteboards allow teachers to record their instruction and post the material for review by student at a later time. This is a very effective instructional strategy for students who benefit from repetition, who need to see the material presented again, for students who are absent from school, for coping learners, and for review for examinations.

- Creative video files to teach a software application, a lesson, or as a review to be posted to the server or web.
- Use the built in maps to teach continents, oceans, countries, and geographical alignment.
- Discuss presentations created by student or teacher.
- Have students create e-folios including samples of their work and narration.
- Use 'flipped classrooms' as self learning tools by students.
- Digital storytelling.
- Take notes directly into PowerPoint presentations.
- Reinforce skills by using on-line interactive web sites.
- Creating a project calendar.
- Teaching students how to navigate the Internet.
- Create and illustrate "flash fiction".
- Use the Interwrite software to create lessons in advance at home or at school. Then save them for future use or to be shared with other teachers.
- Diagramming activities.
- Connected to School ERP/ Management System.

Interactive Smart Boards in all the Classes

Transport

GDGPSB has a large number of buses. Each bus is designed for safety and comfort of children. All the buses are air-conditioned with GPS tracking system. The buses carry a highly trained driver supported by a lady floor in charge from first pickup till the last drop. Additionally, the teachers are also available in all our buses accompanying the children.

The school operates different bus routes. The details of the bus routes, pick-up and drop-off points, time schedules and bus charges will be provided by the school at the time of admission of students.

Safety & security

Safety of students is of prime concern to us at GDGPSB. Our carefully selected human carers, teachers and well-equipped security staff are supported by technical systems, exceeding international safety norms. Right from the time the child enters the school, each aspect of the child's well being and safety is taken care of. Trained personnel ensure that no child is secluded or alone at any point and that each child is provided care and support as required. While we endeavour to provide a completely safe campus, the Goenkan model also focuses on making each child aware of his/her own protection and become independent in taking care of him/herself. Workshops on Self-awareness, Traffic rules, Self defence, Cyber safety, Adolescent issues, Emergency and Disaster Response, etc. ensure that students can stop-think-act in a responsible manner to any situation/ person which may pose a risk or threat to them in the society. Thus, all our students learn to respond responsibly and not just react to any circumstances throughout their lives. GDGPSB has a large number of buses. Each bus is designed for safety and comfort of children. All the buses are air-conditioned with GPS tracking system. The buses carry a highly trained driver supported by a lady floor-in-charge from first pickup, till the last drop.

Additionally, the teachers are also available in all our buses accompanying the children. The school operates different bus routes. The details of the bus routes, pick-up and drop-off points, time schedules and bus charges will be provided by the school at the time of admission of students.

Medical Facility

The medical care for children is of foremost concern in terms of care of child and life saving. The medical facilities are unparalleled in school health care. There is a spacious, airy and well equipped medical room. Apart from a regular Doctor and Nurse, child health is regularly monitored by a team of specialist doctors as a preventive and restrictive measure. This includes regular eye and dental examination records.

Health is wealth

Good hygiene is a key part of quality living. In day-to-day life settings, hygiene practices are employed as preventive measures for preservation of health and healthy living. Sparkling cleanliness is just one part to ensure quality and prevent the onset of disease-causing organisms. Highest standards of hygiene and cleanliness is maintained by GDGPSB. Another step in the direction is the provision for drinking water. Only R.O water is served for drinking purpose through water dispensers placed at the campus.

The school cafeteria is managed by a renowned caterer, serves nourishing wholesome meal and snacks in the most hygienic conditions. The menu is planned for its nutrition content and taste for growing children.

Aesthetic Appreciation

Creative Self expression

For more information visit www.gdgoenkabbsr.org

The Visual Arts are an expression of creativity and imagination. It is an outlet for individual thought, visualization and interpretation of ideas, events and environment. The elaborate Art Studios with the finest faculty guide the children to achieve finesse through numerous techniques and History of Art.

It is not just directed to evolve Artists but to infuse in each child an aesthetic sense and appreciation of beauty in life and surroundings. Our Visual Arts Department has a wide range of activities planned to develop the finer side of the human in each being. From simple strokes of the pencil to designing sculptures and life-size tableau, our students have excelled in the various art forms.

Expressing self through Performance

The Performing Arts infuse self confidence in children apart from manifesting their inherent talents and nurturing them. This self expression through the Performing Arts defines our inner selves and projects it to others for all to appreciate and admire.

The various performing arts are a platform to nurture the child's aesthetics and appreciation of the finer nuances of life.

All students are taught the importance of oratory skills :- the nuances, voice modulation, stress and intonation etc. which make a world of difference to the spoken words.

Dance, the most sublime form of creative expression, finds a niche both at important school functions and ceremonies. Students

experiment with various dance forms to evolve fusions that clearly reflect their creativity. Music, both Instrumental and Vocal occupies an important and integral place in the school routine. All those with a penchant for music, find ample opportunities to learn both Western and Indian music. There is accomplished and qualified staff to teach instruments like the Piano, Violin, Guitar, Sitar and Tabla and students showcase their talents on many occasions.

INVESTITURE Ceremony

LEADERSHIP LEARNING TO BE

At this ceremony, a school prefectorial board is formed after scrupulous interviewing and selection which gives them a feel of functioning of an official administrative body. The selected students are honoured with their respective badges such as Head Girl, Head Boy, Sports Captain and the student council members take an oath to faithfully work for the school.

At GDGPSB, education is about leadership. We recognize the leader in each child. Our students excel in various fields and lead throughout their lives in the communities and organizations to which they belong. Each child gets ample opportunities to showcase his/her abilities as a leader through collaborative projects and presentations.

Science & Technology

Learning to do...

A unique school which in its balance of pedagogical and technological elements provides the optimum conditions for learning. Scientific temper is inculcated in each child through exploration, observation & discovery. A hands-on approach is adopted at all developmental stages leading to conceptual understanding and an inquisitive and analytical mind. Emphasis is laid on sensitising the learners to the application of concepts in not only day to day lives but also in the service of humanity and as a major instrument for achieving goals of self reliance, socio-economic and socio-ecological development.

Learning to Know

Library & Computer Labs

The superbly well stocked library houses a vast collection of books, digital sources, resources and services on a wide range of topics. The endeavour is on inculcating reading habits in children, giving a free rein to their imaginative minds in a comfortable and conducive ambience. The reference sections support the curriculum and beyond. The advanced Digital Library and an e-library section is a response to need of the times, expanding the horizons of all learning beyond limits. There is Campus-wide broadband e-connectivity with Wi-Fi for anywhere-anytime computer learning. All students have supervised internet access.

They will be familiarised with the software packages used in modern business applications such as Word-Processing, Spreadsheets, Databases and Power Point Presentations. There is a Hi-Tech e-Library where students have access to online encyclopedias and reference materials in addition to a wide gamut of books and magazines.

Educational Trips

Field trips are an integral part of the GDGPSB Curriculum. These are planned in the annual school calender for all classes based on the themes being learnt during the course of the year. They are designed to connect learning to the real world beyond classrooms.

Such trips are planned in great detail, keeping the child's safety, comfort and learning in mind. These are great opportunities for erudition, exposure and camaraderie amongst peers..... opportunities for children to think, to wander, to dream, and to explore.

Beyond Classrooms: Learning Without Limits. At GD Goenka School, Bhubaneswar, we believe education extends far beyond the classroom. Our Beyond Classrooms program is a cornerstone of our curriculum, carefully woven into the annual school calendar for every grade and thoughtfully aligned with the year's academic themes. These experiences go beyond simple field trips—they are immersive, real-world opportunities that bridge classroom learning with practical application. Every aspect is planned with precision, prioritizing each student's safety, comfort, and curiosity. Through Beyond Classrooms, students gain more than just knowledge. They sharpen critical thinking, spark creativity, and strengthen teamwork, all while creating lasting memories and deeper connections with their peers. These moments inspire students to explore, reflect, and dream, turning lessons into meaningful experiences and experiences into lifelong inspiration. At GDGPSB, Beyond Classrooms opens the world to our students, fostering curiosity and a passion for learning that travels with them.
